## WATSON KNEW ALDRICH WELL

Former Congressman Praises Un-  
stintingly Former U. S. Senator  
Who Died in New York Today

WAS ASSOCIATED WITH HIM

Instrumental in Forming Five Tariff  
Bills and Wrote Currency Bill.  
Part in New Law

### DROPS DEAD TODAY

(By United Press.)

New York, April 16.—Ex-Senator Nelson W. Aldrich dropped dead at his home here today, shortly after nine o'clock. He has not been in good health for some months but his illness was not regarded as serious. He was in his seventy-fourth year, having been born at Foster, Rhode Island, November 4, 1841. His home was at Warwick, Rhode Island.

When informed of the death of Nelson W. Aldrich, former United States senator, who became famous as a framer of tariff and currency bills, the news of which was received by the Daily Republican, in the foregoing dispatch from New York this morning, James E. Watson, of this city, who was intimately acquainted and closely associated with the former senator while a member of congress, expressed deep regret to hear of his sudden death. Mr. Watson did not know that he had been ill much less in danger of death.

"I worked many years with Mr. Aldrich," said Mr. Watson, "and through my close association with him we became intimately acquainted. He was a man of most remarkable ability. He had a more extended knowledge of the details of the tariff question than any man in public life. He studied the tariff question at home and abroad; learned the labor conditions and wages in all countries in every phase of action which competed with our manufacturers. This made him a great authority on the subject.

"His ambition was not to make a tariff law, although he helped to frame five, but his great ambition was to reform the currency system of the United States. If it had not been for the odium attached to his name, his financial scheme would have been adopted as a whole. Practically every banker in the United States indorsed the Aldrich plan and when the present federal reserve banking law was formulated, they adopted eight sections of the Aldrich law, and those eight sections form that part of the law which is regarded as safe and sane today. It is only the new sections written by others that make it of doubtful propriety.

"He was a most remarkable political organizer. He understood men and motives and was a remarkable politician. He had the ability to get people together, adjust differences and straighten out tangles.

"He was a much misunderstood and unappreciated man during the last few years of his life. Those who knew him best and were longest associated with him had the most unstinted admiration for his qualities, for his characteristics as a statesman and a man.

"He was correct in his habits and was one of the hardest workers I ever knew in my life. He was eternally at it and accomplished much by his unfagging industry."

Mr. Watson pointed out that he was a member of the senate thirty years. The Payne-Aldrich tariff bill passed during the Taft administration, was not the only one in which the former senator had a big part, Mr. Watson added. In addition to

## NO SENTENCE PRONOUNCED

Herbert Hall of Milroy Allowed to  
go Free Pending Good Behavior.

Herbert Hall, of Milroy, was arraigned before Judge Will M. Sparks this morning and entered a plea of guilty to the charge of issuing a fraudulent check. Hall was not sentenced by the court and was allowed to go pending his good behavior. Hall was alleged to have passed a check for \$3 on the firm of Meek and Spillman of Milroy. The court was told that it was his first offense and decided to give the boy a chance. Judge Sparks told him that if he ever again got in trouble he would be hauled in court and sentence pronounced to this charge.

## ANOTHER TEAM DASHES DOWN HILL

And as in Other Cases the Mill Race  
Bank Proves Barrier For The  
Frightened Horses.

DRIVER NOR HORSES HURT

Another thrilling runaway was enacted this morning with the Perkins street hill as the starting point and the race bank as the ending. The team was owned by Elmore Gibson and driven by Alexander Andrews. The team was pulling a large wagon loaded with manure and as usual the wagon ran down on the horses causing them to run.

Andrews stuck with the wagon and succeeded in heading the horses into the race bank. The wagon crashed in a tree on the bank of the race and Andrews had a close call from being injured. The impact threw him on the race bank, but he was not hurt. The wagon was slightly damaged and one of the horses sustained a badly cut hoof.

Other teams have started to run from the Perkins street hill and in each case the race bank has been the ending place. It was suggested today that others should profit by the experience of those who have had these kind of runaways and not try to drive the Perkins street hill without breaks on their wagon.

## CORN PLANTING GETS UNDER WAY

Spring Farm Work is More Advanced  
This Year Because Warm  
Weather is Not so Late.

C. O. PATTON PLANTING CORN

It is probable that the Rush county corn crop will be planted earlier this year than many years past. Already several farmers have begun planting. In recent years the springs have been very late and the spring farm work has been delayed for this reason. It seldom has ever been the case, farmers say, that any corn has been planted before the third week in April, and then the bulk of the seed is placed in the ground in May. Dave Webster of Posey township was the first farmer in Rush county to report he had planted corn. He began last Saturday. C. O. Patton of near Milroy started planting corn yesterday.

Sunshine was lacking today and there was a little bite to the air. There were some people who asserted that snow fell for a short time about eight-thirty o'clock this morning.

## ASKS RECEIVER AT WALKER FARM

Albert L. Winship Brings Suit  
Against Purchasers of Real  
Estate to Foreclose Mortgage.

MRS. WALKER DEFENDANT

Alleges Johnsons Executed Mort-  
gage to Mrs. Walker After Buy-  
ing—His Security Lessened.

Another suit involving the Jersey Isle stock farm has been filed by Albert L. Winship against Alexander Johnson, Rettie Johnson and Mrs. Alberta M. Walker in which Mr. Winship asks that a mortgage be foreclosed and a receiver appointed to take charge of the property. The demand is \$6,000.

It will be recalled that the Walker farm was recently sold to Johnson and the suit results because Mr. Winship believes a note he holds is not now properly secured by a mortgage. It is stated in the complaint that on June 30, 1914, Alpheus P. Walker and Albert M. Walker, by their promissory note of that date, promised to pay Albert L. Winship one year after date the sum of \$9,000 with eight per cent interest. The note, according to the complaint was payable at the Rushville National bank.

The complaint states that there is yet due on the note the sum of \$5,000 and \$150 interest and that this amount is now due and payable. It is further averred that on the same date the note was executed Walker and his wife gave Winship a mortgage on the farm to secure payment of the note. It is stated in the complaint that the mortgage provided that in case of the failure to pay the note or interest, the plaintiff should be entitled to the rents and profits of the real estate involved and should be entitled to have a receiver appointed to take charge of the real estate and collect the rents and the income.

It is alleged that on March 24, 1915 Alpheus P. Walker and Alberta M. Walker, by their written warranty deed, conveyed the real estate to Alexander Johnson. By the terms of the deed, according to the complaint, it is provided that Johnson pay the note and mortgage of the plaintiff, together with interest. On the same day that the deed was recorded, according to the plaintiff, Johnson and his wife, Rettie, executed a mortgage on the farm to the defendant Alberta M. Walker.

It is alleged that this mortgage held now by Mrs. Walker is a junior lien to that of the plaintiff and because of this Mr. Winship asks that when a final hearing is had in the case that it be declared as such. It is alleged that the note held by Mr. Winship is now due and that because the Walkers or Johnsons have failed to take out insurance on the buildings the mortgage is asked to be foreclosed.

It is stated that the defendants have failed to secure any insurance and that the plaintiff is also unable to secure insurance and for this reason the security by the mortgage is lessened. It is alleged that the property is easily worth \$9,000. The court is asked to appoint a receiver to protect the interest of the plaintiff.

## INSURANCE CASE SETTLED TODAY

Agreement is Reached Between Ad-  
ministrator of Milton Wagner  
And L. C. Lambert.

APPEAL IS THEN WITHDRAWN

Case of Andrew Kinsley, Charged  
With Operating "Blind Tiger," is  
Postponed For Present.

The case of James V. Young, administrator of the estate of the late Milton Wagner, the Eighth Street grocer, who was murdered last fall by supposed burglars, against Louis C. Lambert, ended in court today when an agreement was reached and the appeal to the supreme court taken by the defendant was withdrawn. Under the terms of the agreement the clerk was ordered to pay the \$1,000 to the administrator.

The \$1,000 was on a life insurance policy, and since the death of Wagner, the money has been in the hands of the clerk of the court awaiting the decision of the court as to the rightful owner. Lambert maintained that he was entitled to the money by reason of the fact that Wagner assigned the policy over to him. The signature was proved a forgery in the trial and the jury returned a verdict in favor of the administrator in the sum of \$1,000.

Judge Sparks overruled a motion for a new trial and Lambert appealed the case to the supreme court. All arrangements were completed for the appeal when the agreement was reached and the court permitted the defendant to withdraw the appeal.

The case of the General Supply company against S. J. Burke, the Peoples Natural Gas company, Nathan B. Power, Jeremiah S. Burke and Alva Burke, to foreclose a mechanic's lien, was dismissed by the plaintiff and the costs paid. Some time ago the court sustained a demurrer filed by the gas company and Nathan Power.

Judge Sparks made his finding this morning in the Cavitt drain case. The court modified some of the assessments and ordered the ditch built. The matter was referred to Rush G. Budd, ditch commissioner, for construction. Many farmers in Jackson township were interested in the proposed drain as it practically affects the entire township.

The case of the C. W. Cochran Lumber company against Jasper D. Case, on an account, demanding \$600, was dismissed by the plaintiff.

The case against Andrew Kinsley, charged with operating a "blind tiger," growing out of the raid on the Eagles lodge, was postponed today. Attorneys for Kinsley were not yet ready for trial and asked for a continuance. The case will now likely be tried next week.

## UNION CARPENTERS STRIKE

Stop Work on \$30,000 or More of  
Buildings in Chicago Today.

(By United Press.)

Chicago, April 16.—Work on \$30,000,000 or more of buildings under construction throughout Chicago was at a complete standstill today, due to the strike of between 15,000 and 18,000 union carpenters. The official notification to the employers that the strike was on to a bitter end came today. The men's demand for an increase of from 65 to 70 cents an hour was met by a counter proposal of an increase to 67½ cents after eighteen months. The men refused.

## DRIVEN AWAY BY ENGLISH

German Taube Dips Slightly When  
She is Fired Upon.

(By United Press.)

Sheerness, Eng., April 16.—A German taube passed over Sheerness at one o'clock this afternoon. Anti-aircraft guns opened fire upon her and she dipped slightly. Crowds gathered in the streets broke into cheers, believing the taube had been brought down. The German, however, quickly recovered his balance and ascended again disappearing in an easterly direction. It is assumed this is one of the taubes which raided Kent towns shortly after noon.

## ARBOR AND BIRD DAY IS RECOGNIZED HERE

Pupils of Havens and Graham  
Schools Give Programs of  
Readings Today.

TREE PLANTING AT FORMER

Bird and Arbor Day in Indiana did not pass unnoticed in the Rushville public schools today. In the Havens and Graham schools special programs were held in all of the rooms, but at Jackson school there was no formal recognition of the day.

At Graham school programs were carried out in all of the rooms. There were short talks on birds, trees and flowers by the children and the proclamations issued by Governor Ralston and State Superintendent Charles A. Greathouse were read.

Practically the same thing was done in all of the rooms at the Havens school, and in addition, a little school garden was made in one of the rooms and trees were planted. Poems and readings in keeping with the season were also given by the pupils.

There was no general observance of the day in the rural schools, largely because of the fact that many of the schools are closed.

## COVERED BY GUN, REFUSES TO STOP

Engineer Frank Payne Prevents  
Hold-up of Dixie Flier on C.  
N. & E. I Near Vincennes.

POLES FOUND ACROSS TRACK

(By United Press.)

Vincennes, Ind., April 16.—An attempt to wreck or hold up the Dixie flier on the C. N. & E. I. near Emison, ten miles north of here, was frustrated early today by the determination of Engineer Frank Payne, who put on full steam and refused to stop, although two masked bandits had climbed into the cab and covered him with revolvers. The bandits, who evidently were new at the game, ordered Fireman Henry Smith to persuade Payne to stop the train, but Payne refused.

Later it was learned they had placed poles across the track. These were removed by the crew of a freight which preceded the flier. The bandits left the train as it drew into Vincennes and have not been caught.

The P. O. S. of A. will meet next Monday night at eight o'clock. Matters of importance are to come before the lodge and every member is urged to attend.

## FAIRBANKS IS BEFORE PROBERS

Millionaire Brewer Testifies in Ma-  
rion County Grand Jury's Inves-  
tigation of Election.

NOT LIKELY TO PROVIDE BOND

Says Terre Haute Conspirators Can  
Get it Without His Aid—Eli  
Redman Will Not Resign.

(By United Press.)

Indianapolis, Ind., April 16.—Crawford Fairbanks, the millionaire Terre Haute brewer and one of the recognized leaders of the Democratic organization forces in Indiana appeared before the Marion county grand jury for thirty minutes, late yesterday. This became known today. It is understood Fairbanks was asked concerning reports that Terre Haute repeaters had come in a body to Indianapolis to take part in the local primary.

Mr. Fairbanks said today to the United Press that he came here merely to go before the grand jury. He said he considered it unlikely that he would provide bond for any of the convicted Terre Haute conspirators.

"I believe they have been able to make arrangements without any help from me," he said.

This statement from Fairbanks was not taken seriously in some quarters, where it was asserted that either he would indemnify a surety company or would use his influence to see that the heads of the disrupted Terre Haute machine were freed on bond.

Circuit Judge Eli Redman announced that he would not resign as circuit judge and would fight the contest of Charles Pulliam, the Republican candidate.

Former Sheriff Dennis Shea withdrew his name from the list applying for a writ of error. Shea will go to Leavenworth and serve his term of five years.

## SEVEN SURVIVE IN FIRST PRELIMINARY

From This Number Representative  
of High School at League  
Meeting Here Will be Picked.

SECOND PRELIMINARY SOON

Seven high school students out of fourteen survived the first preliminary at the Graham school building last night to determine finally who shall represent the high school at the annual track meet and oratorical of the Central Indiana High School which will be held here early in May. Another preliminary will be held in the near future and one will be picked from the seven to speak for the Rushville school. The following who will compete in the final preliminary are given in alphabetical order and without regard to the way they finished last night:

Lucian Anderson, "John Sobieski;" Ralph Hackleman, "Inglorious Peace;" James Laughlin, "Savonrola;" Merle Maupin, "The Hero of Compromise;" Harry Schmalzel, "The Power of Conviction;" William Sexton, "Affairs in Cuba," and Gladys Wallace, "Peace and War."

Ed Young, a well known veteran of the civil war, is reported to be very seriously sick, at his home, 330 West Seventh street.

# Your Floor Coverings and Draperies

House cleaning at hand is suggestive of needs in Floor Coverings and Draperies. Every person of right mind is interested in anything that will add beauty and real attractiveness to the home.

### BIG POTATO CROP

If there is anything in the reports of dealers who sell seed potatoes there is going to be an unusually large crop of both sweet and Irish potatoes planted this spring. Already the quantity of seed sold is far above the average, it is said, and the demand continues to be strong. The seed of both kinds of potatoes is said to be in fine condition and the only thing to prevent a large crop in this section is poor climatic conditions.

### HANGMAN'S CARNIVAL.

Sacramento, Cal., April 16.—What was the inauguration of a month of hanging in California history was scheduled today with the execution on the scaffold of Charles Oxnam and Glen Witt, murderers. Oxnam was to be hung today at San Quentin penitentiary and Witt at the Folsom prison. Two more hangings are scheduled next Friday and another the following Friday.

## TORTURED BY STOMACH HE FINDS REMEDY

Frankfort Man Finds Relief After Taking First Dose of Treatment.

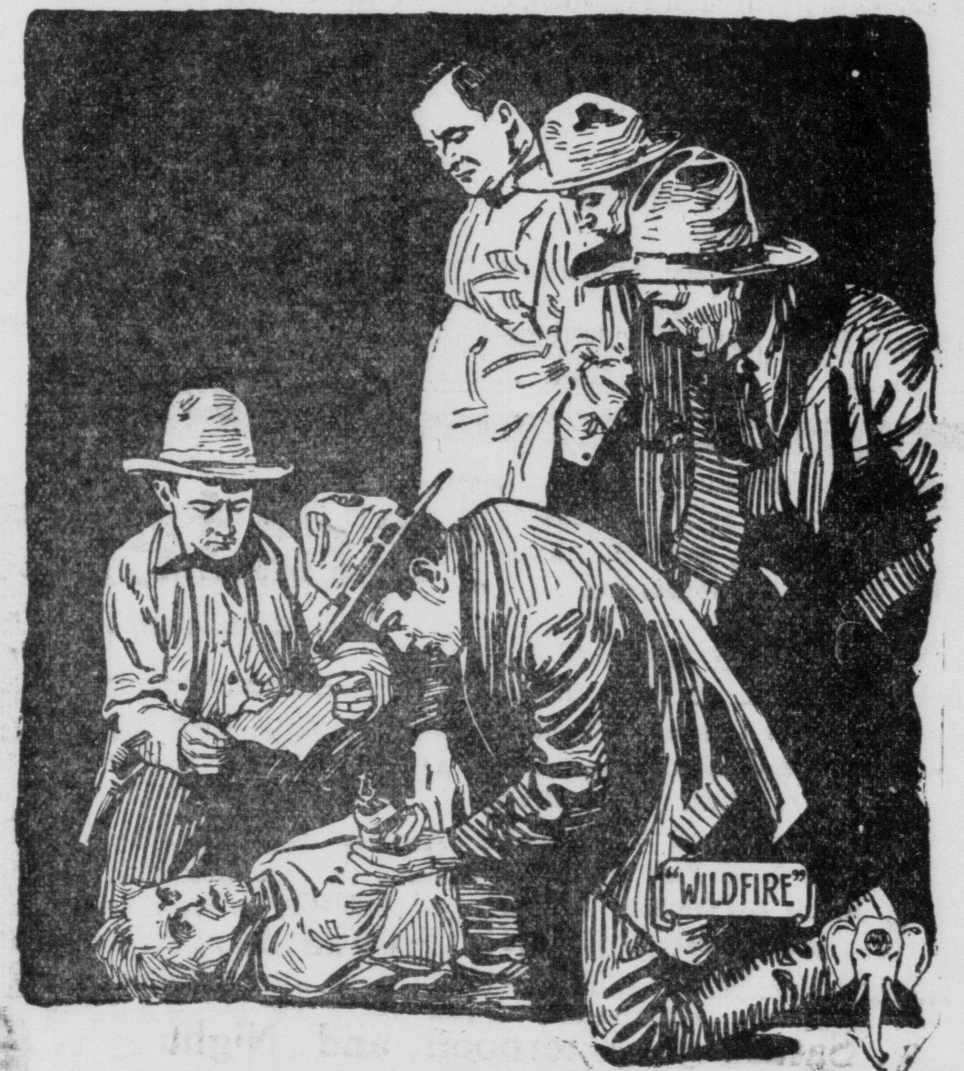

Walter Spray of 1011 South Second street, Frankfort, Ind., for a long time suffered from disorders of the stomach, which caused him great pain.

After long and tedious efforts to find relief he at last tried Mayr's Wonderful Remedy. The results, pleasing and beneficial, came right away. In telling of his experience he wrote:

"I took your treatment and will truly say that it did me more good than all the doctors did me for months. Before I took your medicine I suffered a great deal, but since I took the first dose I have not had a bad spell. I feel that it is even more than you claim."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

## MAY WHEAT LOSES TODAY

Prices Decline Because Time For  
Delivery is Near.

Chicago, April 16.—All grain was higher today, excepting May options on wheat. The falling off on May wheat is believed to be due to the fact that delivery is so near that buyers are afraid. May options lost one-eighth of a cent, closing at \$1.61. July closed at \$1.33 7/8 and September at \$1.17 1/2, the former advancing two and five-eighths and the latter two and an eighth. May corn closed at 75 5/8, gaining one and five-eighths cents, July gained one and three-quarters, closing at 78 1/8. September corn was quoted at 78 1/2 at closing, gaining one and a half cents. May oats was three-fourths of a cent higher, July one and a quarter cents and September one and five-eighths cents.

## RURAL PASTORS ARE TO CONFER

Others Interested in Community Building Will Also Attend Conference at Purdue

TO BE HELD MAY 11, 12 AND 13

Pointed Out Church is and Will Continue to be Factor in the Rural Life of State

Scores of rural ministers and others interested in rural community building will gather at Purdue University for a conference May 11, 12 and 13. The purpose of the conference is to discuss the relation of the rural church to rural community life. The church is and will continue to be a factor in rural life, it is pointed out. It is recognized on every hand that it might be a stronger factor. All concerned with the building of good rural communities must have a larger vision of the problems involved.

The rural church if it would prosper and command the interest and respect of rural folk must play a large part in ministering to all the needs and interests of the rural community. This can be done and in a few localities is being done and that without forgetting the spiritual interests of the people it is declared. Many ministers and other rural leaders will tell at the conference of successful constructive work in their fields. Bishop Francis J. McConnell will be present to give the conference the benefit of his observation and large experience in building up the church in the United States. Other well known men from outside of the state, many strong men laboring at and studying the rural life problems in Indiana will speak.

This should be a notable event—practical, constructive, inspiring. Ministers and other rural leaders should arrange to come. Homes of church people in LaFayette will be open for the entertainment of visiting ministers. Everything possible will be done to make this conference an event that will mean much for the church and for the rural people of Indiana. No denominational lines are drawn in connection with the conference. All interested in better rural life are invited. The dominant theme throughout will be "The Rural Church and its Relation to Rural Community Building in Indiana."

The Indianapolis & Cincinnati Traction company's general officers here will be closed tomorrow afternoon on account of the funeral of Raymond Perkins who was employed at the offices for several years.

A marriage license was issued yesterday afternoon to Roy S. Compton and Emily L. Cook.

**To Stamp Out Plague.**  
 That the United States health de-  
 partment is doing all in its power to  
 stamp out tuberculosis is revealed  
 by a recent bulletin of the depart-  
 ment relating how Pullman cars,  
 day coaches, mail and baggage  
 coaches are cleansed and disinfected  
 at Ashville, N. C. The report  
 deals with the migration of tuber-  
 culosis in interstate traffic.  
 It has often been said that Pull-  
 man cars as well as day coaches  
 might be the means of infection be-  
 cause persons so afflicted generally  
 seek a change of climate of neces-  
 sity have to travel. But the depart-  
 ment of health is guarding against  
 this. The bulletin says in part:

When we consider the number of  
 persons who travel to and from  
 health resorts the necessity of thor-  
 ough cleansing of railroad cars be-  
 comes evident. Not only is formal-  
 dehyde gas used as a disinfectant,  
 but soap and hot water are liberally  
 used as a means of mechanical  
 cleansing. Dust is removed from the  
 carpets, upholstered seats and in-  
 terior of the cars by means of com-  
 pressed air which has been found to  
 be the most efficient means for this  
 purpose.  
 Fresh air and sunlight which are  
 among the best disinfecting agents  
 we have, are also utilized as a  
 further means of cleaning the blan-  
 kets mattresses and curtains used in  
 Pullman cars.  
 In addition to the cleaning and

**Beware of Ointments for  
 Catarrh That Contain Mercury**  
 as mercury will surely destroy the sense  
 of smell and completely derange the  
 whole system when entering it through  
 the mucous surfaces. Such articles should  
 never be used except on prescriptions  
 from reputable physicians, as the damage  
 they will do is ten fold to the good you  
 can possibly derive from them. Hall's  
 Catarrh Cure, manufactured by F. J.  
 Cheney & Co., Toledo, O., contains no  
 mercury, and is taken internally, acting  
 directly upon the blood and mucous  
 surfaces of the system. In buying Hall's  
 Catarrh Cure be sure you get the genu-  
 ine. It is taken internally and made in  
 Toledo, Ohio, by F. J. Cheney & Co. Test-  
 imonials free.  
 Sold by Druggists. Price 75c per bottle.  
 Take Hall's Family Pills for constipation.

The choicest designs and color-  
 ings. Every pattern new.

disinfection of railroad coaches the  
 use of individual drinking cups,  
 drinking water of a required stan-  
 dard of purity individual towels and  
 dental laboratories are all factors  
 which make travelling by railroad  
 not only more agreeable but safer.  
 The slogan "Safety First" applies  
 not only to the prevention of acci-  
 dents, but the prevention of disease.

**Col. Harvey Again**  
 Colonel George Harvey, admitted-  
 ly the discovery of Woodrow Wil-  
 son a life-long Democrat, who once  
 turned squarely against the presi-  
 dent, his friend, because he believed  
 he had been ungrateful, is once  
 more out of sorts. This time it is  
 with the secretary of the navy,  
 Josephus Daniels. Col Harvey some  
 time ago made his peace with the  
 president at the white house and the  
 story was spread broadcast through-  
 out the United States.  
 Colonel Harvey's latest outburst  
 is not so much directed against the  
 president. His caustic remarks in-  
 dicate that he is of the opinion that  
 Daniels mis-steps at least he believes  
 them to be, are damaging the in-  
 terests of the president, whom, it is  
 to be presumed, he would like to see  
 pass by the plank of the Baltimore  
 platform and seek another term as  
 president.

Col. Harvey says: "If he (Dani-  
 els) has done a single useful act,  
 barring his boasted saving at the  
 spigot while wasting at the bung-  
 hole the instance has yet to be re-  
 vealed. If he has failed to utilize  
 an opportunity to discredit both the  
 department and the administration,  
 the omission is not apparent." And  
 in conclusion, says Col. Harvey, "It  
 is idle then to murmur effectually  
 'How long, O Lord, how long!'  
 Naught remains but to minimize so  
 far as possible the dismay which at-  
 tends the probability of being com-  
 pelled in 1916 to meet the cry: 'A  
 vote for Wilson is a vote for Daniels'  
 —no less than from Mr. Bryan him-  
 self and for others who must pati-  
 ently await their turn in our weigh-  
 ing of their respective achievements  
 and capabilities."

\*\*\*\*\*  
**What Our Neighbors  
 Are Talking About**  
 \*\*\*\*\*

**A Bit Suspicious**  
 (Columbus Republican)  
 The Indianapolis Star is warning  
 Republicans that in predicting a vic-  
 tory for their party in 1916 they are  
 counting chickens before they are  
 hatched. The Star's comment is in  
 the nature of a warning but by what  
 authority does the Star assume the  
 role of warner extraordinary for Re-  
 publicans? It is true the prevalent  
 belief among Republicans and others  
 that the G. O. P. will be successful  
 in 1916 is a trifle premature, but un-  
 til the Star's regeneration is more  
 seasoned those who are fully deter-  
 mined to support the protective  
 principles of the Republican party  
 as well as the party's other well  
 known principles of government, will  
 take little stock in that paper's ad-  
 monitions and warnings. Hereafter  
 genuine Republicans are going to be  
 more or less suspicious of all who  
 do not openly and enthusiastically  
 support the well known principles  
 of the party of protection and pros-  
 perity. After the Star has pro-  
 claimed its adherence to such prin-  
 ciples and by its zeal in the cause  
 proved its sincerity then it can warn  
 us with more propriety.

**HOOSIER HISTORY**  
 (Prepared by the United Press  
 from Records in the State Library.)  
 Benjamin Harrison, later presi-  
 dent of the United States from In-  
 diana rose to the rank of general  
 during the civil war. Other Hoosiers  
 who obtained that rank were George  
 Chapman, A. D. Streight, John Co-  
 burn, R. S. Foster, George F. Mc-  
 Ginnis, Alvin D. Hovey, Robert H.

**RAISING POULTRY For PROFIT**  
 By John Wildig

In this article I will discuss the  
 egg for hatching.  
 In the first place, you must be  
 sure that the eggs you are going to  
 hatch are laid by good, healthy, pure  
 blood stock. Do not fool away any  
 time or labor with any other than the  
 best you can get. From three to  
 five cents per egg is a very reason-  
 able price for good, pure blood uti-  
 lity stock. Chicks hatched from  
 such eggs are no trouble to raise and  
 mature sooner than the cross-bred  
 chicks. I can not understand why  
 people will continue to breed cross-  
 bred poultry. I never could see  
 where there was any benefit to be  
 derived because you gain a little by  
 larger egg production you generally  
 deteriorate the future generation in  
 size, or if you breed for larger size  
 you lose out in egg production. So  
 there you are. I say keep the breed  
 pure. They look better and they sell  
 better, and if you will use a little  
 good common sense you can breed  
 whatever you desire into your pure  
 blood strain. What is more beauti-  
 ful than a nice-even-sized flock of  
 white Wyandotte hens? Here is a  
 breed of chickens that I honestly  
 believe comes nearer to being the  
 ideal market chicken than any we  
 have to date. They are short on leg,  
 full in breast, broad in back, yellow  
 in skin and as layers they can not  
 be beaten. I do not wish to detract  
 from other breeds any of the good  
 points they possess, but from a mar-  
 ket standpoint the Wyandottes are  
 very desirable chickens.  
 When I lived east of Indianapolis  
 some six years ago we raised the  
 white Wyandottes on an extensive  
 scale and we always secured from  
 three to five cents more on the pound  
 than ordinary stock. So you see it  
 pays to raise the kind of poultry

that is always in demand and brings  
 a good price.  
 Now a few words about this win-  
 ter egg production. You must re-  
 member that you can not force your  
 hens for eggs in winter and expect  
 hatchable eggs the following  
 spring. Therefore, you need  
 two flocks of hens, one flock for  
 winter laying and the other for  
 spring laying. These hens should  
 be two years old, mated to a vigor-  
 ous, early cockerel of the previous  
 year. Chicks hatched from eggs laid  
 by such stock will practically raise  
 themselves if given half a chance.  
 The winter laying flock should com-  
 prise your early hatched pullets of  
 this year. Raise the pullets in the  
 poultry house that you expect them  
 to lay in the next winter. And do  
 not change them this fall from one  
 house to another under any consid-  
 eration because if you do they will  
 moult their feathers and you will  
 not get any eggs until the following  
 spring. These pullets will lay from  
 September, 1915 to August, 1916 if  
 properly cared for judiciously fed.  
 Then nature will assert herself and  
 these hens will moult their feathers  
 and rest until the following spring  
 when their eggs will be ideal for  
 hatching.  
 Many hens are now beginning to  
 feel the effect of their heavy spring  
 laying. Therefore, you will be ob-  
 liged to feed a little egg producer or  
 condition powder to keep them lay-  
 ing. Mix this in a little mashed food  
 containing meat meal or beef scraps.  
 This hen mash you can buy from  
 your dealer. Then add the condi-  
 tion powder yourself, about two ta-  
 ble spoons full for twelve hens. Feed  
 only enough for one meal each day.  
 When feeding egg producer do not  
 use the eggs for hatching unless you  
 wish to invite trouble.

**HOLDS TOWNSHIP  
 TRUSTEE LIABLE**  
 Attorney General Says They May  
 Not Evade the Minimum Wage  
 Law in the State.

**ALSO IS CRIMINALLY LIABLE**  
 Richard M. Milburn, attorney-  
 general, has given an opinion to  
 Charles A. Greathouse, state super-  
 intendent of public instruction, that  
 a township trustee, who had com-  
 pelled teachers holding thirty-six-  
 months' licenses to obtain twelve  
 months' licenses in order to evade  
 the law provisions of the minimum  
 wage law for teachers, not only was  
 amenable to a suit to collect the dif-  
 ference in the pay and attorneys'  
 fees of \$25, but also was liable crim-  
 inally.  
 In the specific case mentioned by  
 the state superintendent, the trustee  
 had paid the teachers only \$2.75 a  
 day, which was below the legal rate  
 fixed by the minimum wage law. The  
 teacher is entitled to the highest pay  
 possible under the law based on the  
 license he holds, the opinion said.  
 Wordsworth has said:  
 "A perfect woman, nobly planned,  
 To warn, to comfort and command;  
 And yet a spirit still and bright,  
 With something of an angel light,  
 We feel these words today."  
 Whereas Mrs. Margaret Hinchman  
 Daubenspeck, a faithful, lifelong  
 member of the Christian church  
 passed to her heavenly reward Sat-  
 urday evening April 3, 1915; be it  
 Resolved, That while we the mem-  
 bers of the Glenwood C. W. B. M.,  
 auxiliary, of which she was a char-  
 ter member, bow in humble submis-  
 sion to the will of Him who doeth  
 all things well and deeply mourn the  
 loss our society has sustained; yet  
 we are grateful to Him who called  
 her for the help and encouragement  
 her life has been to us.  
 Second, that we tender our deep-  
 est sympathy to her family and  
 commend them to Him whom she  
 worshipped.  
 Third, that these resolutions be  
 spread on the minute book of our  
 missionary society and be published  
 in our county paper.

MRS. MAHIN,  
 MRS. MATNEY,  
 MRS. RUFF,  
 2911 Committee.

## NEWARK OPENS AT HOME TODAY

Former Indianapolis Fed Team  
Plays First Game on New Grounds to Large Crowd

USUAL CEREMONIES ARE HELD

Prexy Gilmore and Billy Sunday  
Among the Invited Guests  
Falkenberg Pitches

BY HAL SHERIDAN  
(Written for United Press.)

Newark, Apr. 16.—The Federal League "outlaws" enjoyed another celebration today. A post-season "opening" celebration was on today at Pat Powers' Pepper Park the new home of the new Federal League team here.

All Newark was baseball "mad" today. The fans were on edge for their first taste of big league baseball. A "dollar dinner" last night, at which speeches were made by Powers, Ward, and other Federal magnates, keyed up fandom to new enthusiasm today. A big street parade, with Manager Bill Phillips leading the new team, ushered in the Fed season.

Cy Falkenberg was slated by Phillips to pitch the opening game this afternoon. President Gilmore of the Fed League was due to arrive to "consecrate" the new park with appropriate ceremonies. Billy Sunday, baseball evangelist, was also a special guest invited or the opening.

The Baltimore team was Newark's foe this afternoon.

Another opening game of the Fed circuit was held today at Buffalo, with the Brooklyn Tip Tops. The western Feds switch tomorrow, Chicago playing the first home game at St. Louis and Kansas City at Pittsburgh.

## DEPAUW PLAYS FRANKLIN

Methodists Expected to Make Showing Against Baptists

Greencastle, Ind., April 16.—The Methodists met Franklin college on the diamond here this afternoon. Although the DePauw team failed to hold its own on the scoreboard against the Terre Haute Terriers of the Central League, last week, it was expected to put up a better showing against the Baptists. Rafferty was expected to take the mound in the initial innings, with Morrow behind the bat, although Ford and Dunn may be given a trial, for the locals.

Franklin has failed to give out much "dope" in the way of baseball gossip this season, but according to meager reports coming from that institution, their outlook appears some what pessimistic.

## MAINE VS. NEW HAMPSHIRE.

Durham, N. H., April 16.—Maine University's baseball team today clashes on the diamond with New Hampshire State University.

## AMATEUR MAT GRAPPLERS.

San Francisco, April 16.—The cream of American amateur wrestlers gathered here today for the Amateur Athletic Union wrestling championship tournament at the exposition. The pick of mat artists were weeded out to meet her at recent eliminations contests in New York, Chicago and this city. Events scheduled are in the 108, 115, 125, 135, 158, 175 and over 175-pound classes.

## BUNNY CRITICALLY ILL.

(By United Press.)

New York, April 14.—John Bunny, the well known comedy actor for the motion pictures was very low today. His physician feared he could not last throughout the day.

## STATE CALLS FOR MORE FUNDS

Country Treasurer Williams Receives Request For all Money Received in Three Funds

UP TO THE CLOSE OF APRIL 25

Sum to be Sent This Time Will Amount to More Than \$6,000. More Than Last Month

The state board of finance has issued the second call within two months for advance payment of all money due the state in the state tax, benevolent institutions and educational institutions funds, from all county treasurers. The money is to be sent to the state treasurer on or before April 25.

A similar call issued last month netted the state \$223,000 and it is expected that the latest call will amount to more than this as at this time of the year the receipts at the treasurers' offices are especially heavy due to the payments of spring taxes.

On the March call Rush county sent to the state \$6,000 this being the amount due the state at that time from the three funds set out in the call. With the calls coming every month there will likely be no semi-annual settlement with this county and the state as has been done in the past. It was always customary to make a semi-annual settlement following the close of the taxpaying period but under the calls of state board the state receives most of the money due every month.

The amount the state will receive from County Treasurer Williams on the April call will likely be a little more than \$6,000. The money is coming in very rapidly for spring taxes and the share to the state will likely be larger. State officials expect that a sum between \$300,000 and \$350,000 would be realized from this call, and that the receipt of this money would obviate the necessity of any further temporary loans to aid the state treasury's depleted condition, during the half of the year ending June 30.

The state officials announce that the temporary loan, now outstanding amounting to \$400,000, will be paid in full at the close of the coming June settlement. No statement was made as to whether the state would again borrow money between June 30 and December 31, but it is hardly probable the state can weather the latter half of the year without borrowing more money.

Mrs. Austin's Bag Pancake, delicious light cakes for breakfast, all grocers.

## NATURE'S WARNING

Rushville People Must Recognize and Heed it

Kidney ills come mysteriously. But nature generally warns you. Notice the kidney secretions. See if the color is unhealthy—ment.

If there are settlements and sediments. Passages frequent, scanty, painful.

It's time to fear serious kidney trouble.

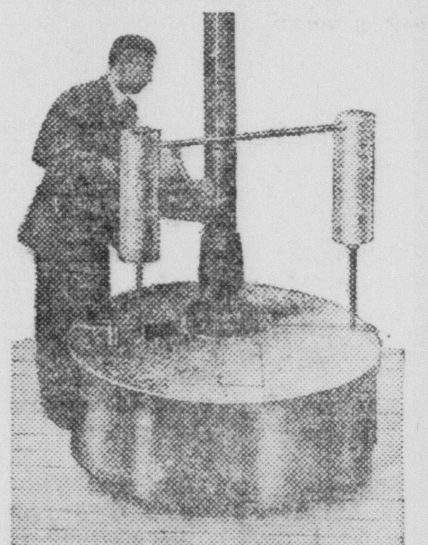

It's time to use Doan's Kidney Pills.

Doan's have done great work in Rushville.

E. L. Hinkle, 641 N. Sexton St., Rushville, says: "In 1900 I was on the verge of Bright's disease. I had sharp pains in my back and was hardly able to walk. I couldn't rest well. A friend who had been benefited by Doan's Kidney Pills recommended them and I got a supply. I soon found that they were helping me and I continued using them until cured."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

## A Boy Should Look Neat!

## The Character of His Clothes Gives Him That Appearance

The boy wearing XTRA-GOOD is a picture of comfort, ease and confidence, due to his clothes.

The soft roll with three buttons can be worn the same as older men to show two buttons. Coat plain front or with plaits; some of them with two piece belts—others sewed on belts. All with patch pockets. New appearing, stylish fabric and in good style.

The long wearing qualities of these XTRAGOOD suits please the mothers. The boy likes his suit because he is comfortable in it. He finds he can use it roughly—play in it all he wants and doesn't get scolded as often, because the suit keeps its good appearance, due to particular making.

# WRIGHT QUICK ATTACHABLE FENCE POSTS

## Your Fencing Problems Solved

This money-saving fence post, made of durable charcoal iron, will out last any fence post made. Does away with digging post holes. Fire-proof and rust-proof. The secret of the low price—made from locomotive boiler tubes.

### Here Are Six Big Value Points

- (1) Charcoal Iron, about one-eighth inch thick, weighing two pounds to the foot.
- (2) Ample 2 inch diameter—cannot bend or break. Seven and eight foot lengths.
- (3) Tie Rod which holds the fence wire securely by being inserted through.
- (4) The Binding Staples clenched inside the post—can't pull out.
- (5) Fastens fence wire securely yet allows for contraction and expansion.
- (6) Painted inside and out with Oxide of Iron ground in Linseed Oil—same as U. S. Government uses on battle ships—rust proof.

# PRICE HIGHER FOR SUBSTITUTE

Cotton Seed Flour to Take Place of Wheat But at Present it Costs More Money

## PROCESS NEEDS DEVELOPING

When This is Done Manufacturers Say it Will be Cheaper Than Ordinary Flour

(By United Press.)

Dallas, Tex., Apr. 16.—Wouldn't it make you feel good to read that they have invented a substitute for flour? A "better than flour" substitute? And wouldn't you think at once of the high cost of living getting a severe jolt in these days when the price of bread is increasing.

Well, a substitute for flour has been invented. It is cotton seed flour. But it's no cheaper than flour. In fact, just now it's twice as expensive. You may now have cotton seed biscuits, cotton seed bread, and cotton seed rolls. There's no limit to the use of the new flour that does not apply as well to ordinary flour. But the cotton seed kind is most expensive. A dozen rolls made from the new flour costs twenty cents here today.

The manufacturers of the cotton seed stuff predict that when the process is better developed the new flour may be cheaper than ordinary flour.

Not so many years back the cotton seed was considered of little or no value. It was left in great stacks in the field and used as fertilizer. Then a series of remarkable discoveries added millions to the value of each cotton crop by developing new uses for cotton seed. It is now made into meal and hulls for live stock oil for cooking and flour for baking as well as leaving something for fertilizer. The oil has numerous uses, even appearing in adulterations of ice cream.

Mrs. Austin's Bag Pancake, delicious light cakes for breakfast, all grocers.

## USE COCOANUT OIL FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulstified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulstified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## Genuine Prescription For All Rheumatism

One That Does Cure or Money Back Says Johnson's Drug Store

Rheuma—that is the name of the scientific prescription that is putting old rheumatism out of business.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Porter Smith, Dobbin, W. Va., writes: "I have been a great sufferer from rheumatism for about 26 years. The disease had become chronic. I began taking Rheuma with little faith in its virtues, but was better from the first day I began its use, and at this time have no more pains."

Johnson's and all druggists sell Rheuma, and no rheumatism sufferer can afford not to use it. 50 cents a bottle. Your money back if not satisfied.

Morning subject "Crossing Lines With God." Evening subject, "An Appalling Shipwreck." Evening service will begin at 7:30 o'clock Thursday 7:30 p. m., mid-week meeting for Bible study and prayer.

## DANDRUFF SURELY DESTROYS THE HAIR

Makes it Dull, Brittle, Lifeless, and Causes It To Fall Out.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

# Women Everywhere

## Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

## Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

BUSHNELL, ILL.—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—MRS. JAMES CRUSEN, Bushnell, Illinois.

## A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—MRS. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

grades or high school. This is the second conference of this kind. It is the result of experiments being conducted at Columbia University.

Charles A. Greathouse state superintendent of public instruction spoke today praising the Indiana vocational education law as the best of its kind in existence and as the best movement inaugurated in the state since the organization of the school system. Greathouse said it would increase the attendance in the school 25 per cent and would fit boys and girls to earn wages without serving a long apprenticeship. He said the law was well suited to Indiana.

The vocational education law praised by Greathouse is the one written by John A. Lapp and is practically the same in principle as in the bill prepared by Lapp for the federal commission of President Wilson to investigate the educational situation from a national viewpoint.

The Indiana Association of High School Principals and the Indiana Association of Teachers of Psychology and Education accepted the opportunity to meet here simultaneously with the Conference. The hours of the meetings do not conflict. The three organizations will also meet tomorrow. This is the second annual conference on Educational Measurements.

WINNER TO RECEIVE \$75 State Peace Oratorical Prize is Worth This for First Place

(By United Press.)  
Vincennes, Ind., April 16.—Winner of the state peace oratorical contest here tonight stood to pocket \$75 in gold. There was a second prize of \$50. The winner will represent the state in the interstate peace contest which will be held two weeks later at Ripon, Wis. The Indiana colleges represented in tonight's contest are Indiana, Purdue, Earlham, DePauw, Notre Dame, Wabash, Butler, Valparaiso, Taylor, Upland and North Manchester.

CUSHIONS FOR RACE BANK.

It was being suggested today that cushions or bumpers be provided for the mill race bank at the foot of Perkins street. Today the second runaway team in the last two weeks was successfully stopped by being headed into the race bank. But it must be admitted that jumping into a six-foot wall of hard, immovable earth is not the most delightful thing on earth for a farm horse that has been enjoying green grass three times a day. It was thought today that the humane society should be asked to consider the suggestion. The cost, of course, would be slight, and before long runaways would become popular in Perkins street because the horses would enjoy bounding off the cushions.

Beautiful, New, Sheer, Summery Waists in both long and short sleeve models—and just the most extraordinary values—will go on sale tomorrow.

The length of the sleeves in a Waist is merely a matter of comfort and not at all a question of style. Some women prefer long sleeves and some short, and all are equally correct. We have both kinds in styles that are pretty, attractive and appealing, in Wirthmor Waists for only one dollar, on up at the various prices. Because of the comprehensiveness of our stocks, the variety and distinctiveness of our styles and the unusualness of the value that always obtain here, our Waist Department has quite generally come to be regarded as the one best place to satisfy Waist wants.

Tomorrow we will place on sale four unusually pretty models in the ever desirable Wirthmor Waists. As always these Waists are just \$1.00, and always they are worth much more. Wirthmor Waists are sold here and here only.

## GERMAN TAUBES ARE NEAR LONDON

Three Times Within Forty Hours  
Aircraft Cross North Sea, Bombarding English Towns.

### COUNT DIRECTS AERIAL RAID

Amsterdam Dispatches Today Say  
Zeppelin Arrives at Cuxhaven to be in Charge of Air Invasion

BY ED L. KEEN  
(U. P. Staff Correspondent.)  
London, April 16.—For the third time within less than forty hours German sky-craft have crossed the North Sea and bombarded English towns. Within 32 miles of London, two of the enemy's taubes launches explosive missiles this afternoon upon Sittingbourne, in Kent, after first bombarding Faversham.

They then sped northward toward Sheerness, engaged my three British aviators from the aviation camp at Chatam, and unconfirmed reports from Chatam said that one of the Germans has been brought down by rifle shots fired by the Royal Dublin Fusiliers.

Count Zeppelin has arrived at Cuxhaven to direct the expected aerial on London, according to Amsterdam dispatches today. Several Zeppelins have been transported to the German flying bases at Emden and Cuxhaven and the enemy's airmen are displaying the greatest activity.

The report that three Zeppelins took part in the attack on English towns near London early today apparently has been confirmed. Dispatches from several small islands off the coast of Holland this afternoon reported that three Zeppelins flew over the islands late yesterday headed for England.

One of the Zeppelin raiders, returning to Germany, was sighted fifteen miles off the Dutch coast at 5 a. m. today by the Norwegian steamer Dag according to a dispatch from Amsterdam.

## REPUTATION AS ATHLETE

Albert Winship's Grandson Makes  
23 Out of 36 Points.

Albert Winship, son of Mr. and Mrs. Fred Winship, of Phoenix, Ariz., formerly of this city, is gaining quite a reputation as an athlete there. In a recent swimming contest by Boy Scout Troop No. 1 Young Winship made 23 points out of the total of thirty-six points scored by his team. His work was the feature of the water carnival and he was largely responsible for his team winning the meet. Winship won the 20 yard dash, the forty yard swim on back, the fancy dive and the three length swim. Young Winship is a grandson of Mr. and Mrs. A. L. Winship of this city.

### LINEBACK ADVANCING.

Charles A. Lineback, formerly of Carthage, and brother-in-law of J. Blaine Addison, the grocer, who has heretofore managed the Elite Entertainers of New York, now appearing at the Strathmore entertainers, has been engaged by the Redpath Lyceum Bureau of New York. His company is composed of himself as character impersonator, Miss Clara Radley, interpreter of song, and Miss Anita Wolff, pianist. This trio of performers are capital entertainers.

### GRAIN DEALERS CONVENTION.

## THE RUG THAT STOOD AN ELEVEN-DAY TEST

Is now on exhibition in our window

After Eleven Days of Severe Use the Anglo Persian Fulfils its Promises for Service.

Laid on the sidewalk in front of our store for eleven days (7 a. m. to 10 p. m. each day) subjected to all kinds of wear and weather, walked on by thousands of pairs of dirty shoes and is now as good as new.

NOT A SEAM RIPPED, THE ORIGINAL COLOR IS UNBLEMISHED, THE SURFACE YARN IS UNMARRED.

### NO RUG LIKE THIS ANYWHERE

WHITTALL'S have not won their reputation for making the finest rugs in all America without deserving it. It took a long while, much experiment, expenditure of large sums, and always patience, and then patience. At last they won, and Anglo Persian rugs are properly rated as their greatest accomplishment, as the finest rugs made in the whole length and breadth of the United States.

They are thus rated not because of one thing.

### THEY HAVE MANY POINTS OF EXCELLENCE

They are beautiful in pattern. They are rich in color. They are firm in texture. They have strength and supply beauty. They are of such diversity of design that one is easily found to fit into any special plan of decorating and furnishings. And they are of such splendid material that they give long and satisfactory service.

### PERFECT IN EVERY STANDPOINT

The dyes that go into coloring the splendid yarns are time-tested. The yarns themselves are specially selected. The patterns are often copied from rich and rare carpets of the Oriental East. Sometimes the designers catch the inspiration of the old school. Here again is a rug that shows adaption that is singularly beautiful. But quality is the keynote, the one great feature. It is quality that shows in pattern and in colors, in weavings as in every feature that combines to make genuine lasting rug goodness.

### The Window is Open

You are earnestly requested to step inside and examine the Rug that stood the severest test ever given a floor covering. The dirt you see on exhibition was taken from the rug in one sweeping, or about one-eleventh of the dirt ground into the rug during the time it was on the walk.

## WATSON KNEW ALDRICH WELL

Former Congressman Praises Un-  
stintingly Former U. S. Senator  
Who Died in New York Today

WAS ASSOCIATED WITH HIM

Instrumental in Forming Five Tariff  
Bills and Wrote Currency Bill.  
Part in New Law

### DROPS DEAD TODAY

New York, April 16.—Ex-Senator Nelson W. Aldrich dropped dead at his home here today, shortly after nine o'clock. He has not been in good health for some months but his illness was not regarded as serious. He was in his seventy-fourth year, having been born at Foster, Rhode Island, November 4, 1841. His home was at Warwick, Rhode Island.

When informed of the death of Nelson W. Aldrich, former United States senator, who became famous as a framer of tariff and currency bills, the news of which was received by the Daily Republican, in the foregoing dispatch from New York this morning, James E. Watson, of this city, who was intimately acquainted and closely associated with the former senator while a member of congress, expressed deep regret to hear of his sudden death. Mr. Watson did not know that he had been ill much less in danger of death.

"I worked many years with Mr. Aldrich," said Mr. Watson, "and through my close association with him we became intimately acquainted. He was a man of most remarkable ability. He had a more extended knowledge of the details of the tariff question than any man in public life. He studied the tariff question at home and abroad; learned the labor conditions and wages in all countries in every phase of action which competed with our manufacturers. This made him a great authority on the subject.

"His ambition was not to make a tariff law, although he helped to frame five, but his great ambition was to reform the currency system of the United States. If it had not been for the odium attached to his name, his financial scheme would have been adopted as a whole. Practically every banker in the United States endorsed the Aldrich plan and when the present federal reserve banking law was formulated, they adopted eight sections of the Aldrich law, and those eight sections form that part of the law which is regarded as safe and sane today. It is only the new sections written by others that make it of doubtful propriety.

"He was a most remarkable political organizer. He understood men and motives and was a remarkable politician. He had the ability to get people together, adjust differences and straighten out tangles.

"He was a much misunderstood and unappreciated man during the last few years of his life. Those who knew him best and were longest associated with him had the most unstinted admiration for his qualities, for his characteristics as a statesman and a man.

"He was correct in his habits and was one of the hardest workers I ever knew in my life. He was eternally at it and accomplished much by his unfagging industry."

Mr. Watson pointed out that he was a member of the senate thirty years. The Payne-Aldrich tariff bill passed during the Taft administration, was not the only one in which the former senator had a big part, Mr. Watson added. In addition to

## NO SENTENCE PRONOUNCED

Herbert Hall of Milroy Allowed to go Free Pending Good Behavior.

Herbert Hall, of Milroy, was arraigned before Judge Will M. Sparks this morning and entered a plea of guilty to the charge of issuing a fraudulent check. Hall was not sentenced by the court and was allowed to go pending his good behavior. Hall was alleged to have passed a check for \$3 on the firm of Meek and Spillman of Milroy. The court was told that it was his first offense and decided to give the boy a chance. Judge Sparks told him that if he ever again got in trouble he would be hauled in court and sentence pronounced to this charge.

## ANOTHER TEAM DASHES DOWN HILL

And as in Other Cases the Mill Race Bank Proves Barrier For The Frightened Horses.

DRIVER NOR HORSES HURT

Another thrilling runaway was enacted this morning with the Perkins street hill as the starting point and the race bank as the ending. The team was owned by Elmore Gibson and driven by Alexander Andrews. The team was pulling a large wagon loaded with manure and as usual the wagon ran down on the horses causing them to run.

Andrews stuck with the wagon and succeeded in heading the horses into the race bank. The wagon crashed in a tree on the bank of the race and Andrews had a close call from being injured. The impact threw him on the race bank, but he was not hurt. The wagon was slightly damaged and one of the horses sustained a badly cut hoof.

Other teams have started to run from the Perkins street hill and in each case the race bank has been the ending place. It was suggested today that others should profit by the experience of those who have had these kind of runaways and not try to drive the Perkins street hill without breaks on their wagon.

## CORN PLANTING GETS UNDER WAY

Spring Farm Work is More Advanced This Year Because Warm Weather is Not so Late.

C. O. PATTON PLANTING CORN

It is probable that the Rush county corn crop will be planted earlier this year than many years past. Already several farmers have begun planting. In recent years the springs have been very late and the spring farm work has been delayed for this reason. It seldom has ever been the case, farmers say, that any corn has been planted before the third week in April, and then the bulk of the seed is placed in the ground in May.

Dave Webster of Posey township was the first farmer in Rush county to report he had planted corn. He began last Saturday. C. O. Patton of near Milroy started planting corn yesterday.

Sunshine was lacking today and there was a little bite to the air. There were some people who asserted that snow fell for a short time about eight-thirty o'clock this morning.

## ASKS RECEIVER AT WALKER FARM

Albert L. Winship Brings Suit Against Purchasers of Real Estate to Foreclose Mortgage.

MRS. WALKER DEFENDANT

Alleges Johnsons Executed Mortgage to Mrs. Walker After Buying—His Security Lessened.

Another suit involving the Jersey Isle stock farm has been filed by Albert L. Winship against Alexander Johnson, Rattie Johnson and Mrs. Alberta M. Walker in which Mr. Winship asks that a mortgage be foreclosed and a receiver appointed to take charge of the property. The demand is \$6,000.

It will be recalled that the Walker farm was recently sold to Johnson and the suit results because Mr. Winship believes a note he holds is not now properly secured by a mortgage. It is stated in the complaint that on June 30, 1914, Alpheus P. Walker and Albert M. Walker, by their promissory note of that date, promised to pay Albert L. Winship one year after date the sum of \$9,000 with eight per cent interest. The note, according to the complaint was payable at the Rushville National bank.

The complaint states that there is yet due on the note the sum of \$5,000 and \$150 interest and that this amount is now due and payable. It is further averred that on the same date the note was executed Walker and his wife gave Winship a mortgage on the farm to secure payment of the note. It is stated in the complaint that the mortgage provided that in case of the failure to pay the note or interest, the plaintiff should be entitled to the rents and profits of the real estate involved and should be entitled to have a receiver appointed to take charge of the real estate and collect the rents and the income.

It is alleged that on March 24, 1915 Alpheus P. Walker and Alberta M. Walker, by their written warranty deed, conveyed the real estate to Alexander Johnson. By the terms of the deed, according to the complaint, it is provided that Johnson pay the note and mortgage of the plaintiff, together with interest. On the same day that the deed was recorded, according to the plaintiff, Johnson and his wife, Rattie, executed a mortgage on the farm to the defendant Alberta M. Walker.

It is alleged that this mortgage held now by Mrs. Walker is a junior lien to that of the plaintiff and because of this Mr. Winship asks that when a final hearing is had in the case that it be declared as such. It is alleged that the note held by Mr. Winship is now due and that because the Walkers or Johnsons have failed to take out insurance on the buildings the mortgage is asked to be foreclosed.

It is stated that the defendants have failed to secure any insurance and that the plaintiff is also unable to secure insurance and for this reason the security by the mortgage is lessened. It is alleged that the property is easily worth \$9,000. The court is asked to appoint a receiver to protect the interest of the plaintiff.

Bartholomew county taxpayers shook hands when they learned that the circuit court had established a new record of completing a term without one cent of jury expense. There were two jury cases, but the jury expense was paid by adjoining counties.

## INSURANCE CASE SETTLED TODAY

Agreement is Reached Between Administrator of Milton Wagner And L. C. Lambert.

APPEAL IS THEN WITHDRAWN

Case of Andrew Kinsley, Charged With Operating "Blind Tiger," is Postponed For Present.

The case of James V. Young, administrator of the estate of the late Milton Wagner, the Eighth Street grocer, who was murdered last fall by supposed burglars, against Louis C. Lambert, ended in court today when an agreement was reached and the appeal to the supreme court taken by the defendant was withdrawn. Under the terms of the agreement the clerk was ordered to pay the \$1,000 to the administrator.

The \$1,000 was on a life insurance policy, and since the death of Wagner, the money has been in the hands of the clerk of the court awaiting the decision of the court as to the rightful owner. Lambert maintained that he was entitled to the money by reason of the fact that Wagner assigned the policy over to him. The signature was proved a forgery in the trial and the jury returned a verdict in favor of the administrator in the sum of \$1,000.

Judge Sparks overruled a motion for a new trial and Lambert appealed the case to the supreme court. All arrangements were completed for the appeal when the agreement was reached and the court permitted the defendant to withdraw the appeal.

The case of the General Supply company against S. J. Burke, the Peoples Natural Gas company, Nathan B. Power, Jeremiah S. Burke and Alva Burke, to foreclose a mechanic's lien, was dismissed by the plaintiff and the costs paid. Some time ago the court sustained a demurrer filed by the gas company and Nathan Power.

Judge Sparks made his finding this morning in the Cavitt drain case. The court modified some of the assessments and ordered the ditch built. The matter was referred to Rush G. Budd, ditch commissioner, for construction. Many farmers in Jackson township were interested in the proposed drain as it practically affects the entire township.

The case of the C. W. Cochran Lumber company against Jasper D. Case, on an account, demanding \$600, was dismissed by the plaintiff.

The case against Andrew Kinsley, charged with operating a "blind tiger," growing out of the raid on the Eagles lodge, was postponed today. Attorneys for Kinsley were not yet ready for trial and asked for a continuance. The case will now likely be tried next week.

## UNION CARPENTERS STRIKE

Stop Work on \$30,000 or More of Buildings in Chicago Today.

(By United Press.)

Chicago, April 16.—Work on \$30,000,000 or more of buildings under construction throughout Chicago was at a complete standstill today, due to the strike of between 15,000 and 18,000 union carpenters. The official notification to the employers that the strike was on to a bitter end came today. The men's demand for an increase of from 65 to 70 cents an hour was met by a counter proposal of an increase to 67½ cents after eighteen months. The men refused.

## DRIVEN AWAY BY ENGLISH

German Taube Dips Slightly When She is Fired Upon.

(By United Press.)

Sheerness, Eng., April 16.—A German taube passed over Sheerness at one o'clock this afternoon. Anti-aircraft guns opened fire upon her and she dipped slightly. Crowds gathered in the streets broke into cheers, believing the taube had been brought down. The German, however, quickly recovered his balance and ascended again disappearing in an easterly direction. It is assumed this is one of the taubes which raided Kent towns shortly afternoon.

## ARBOR AND BIRD DAY IS RECOGNIZED HERE

Pupils of Havens and Graham Schools Give Programs of Readings Today.

TREE PLANTING AT FORMER

Bird and Arbor Day in Indiana did not pass unnoticed in the Rushville public schools today. In the Havens and Graham schools special programs were held in all of the rooms, but at Jackson school there was no formal recognition of the day.

At Graham school programs were carried out in all of the rooms. There were short talks on birds, trees and flowers by the children and the proclamations issued by Governor Ralston and State Superintendent Charles A. Greathouse were read.

Practically the same thing was done in all of the rooms at the Havens school, and in addition, a little school garden was made in one of the rooms and trees were planted. Poems and readings in keeping with the season were also given by the pupils.

There was no general observance of the day in the rural schools, largely because of the fact that many of the schools are closed.

## COVERED BY GUN, REFUSES TO STOP

Engineer Frank Payne Prevents Hold-up of Dixie Flier on C. N. & E. I Near Vincennes.

POLES FOUND ACROSS TRACK

(By United Press.)

Vincennes, Ind., April 16.—An attempt to wreck or hold up the Dixie flier on the C. N. & E. I. near Eminson, ten miles north of here, was frustrated early today by the determination of Engineer Frank Payne, who put on full steam and refused to stop, although two masked bandits had climbed into the cab and covered him with revolvers. The bandits, who evidently were new at the game, ordered Fireman Henry Smith to persuade Payne to stop the train, but Payne refused.

Later it was learned they had placed poles across the track. These were removed by the crew of a freight which preceded the flier. The bandits left the train as it drew into Vincennes and have not been caught.

The P. O. S. of A. will meet next Monday night at eight o'clock. Matters of importance are to come before the lodge and every member is urged to attend.

## FAIRBANKS IS BEFORE PROBERS

Millionaire Brewer Testifies in Marion County Grand Jury's Investigation of Election.

NOT LIKELY TO PROVIDE BOND

Says Terre Haute Conspirators Can Get it Without His Aid—Eli Redman Will Not Resign.

(By United Press.)

Indianapolis, Ind., April 16.—Crawford Fairbanks, the millionaire Terre Haute brewer and one of the recognized leaders of the Democratic organization forces in Indiana appeared before the Marion county grand jury for thirty minutes, late yesterday. This became known today. It is understood Fairbanks was asked concerning reports that Terre Haute repeaters had come in a body to Indianapolis to take part in the local primary.

Mr. Fairbanks said today to the United Press that he came here merely to go before the grand jury. He said he considered it unlikely that he would provide bond for any of the convicted Terre Haute conspirators.

"I believe they have been able to make arrangements without any help from me," he said.

This statement from Fairbanks was not taken seriously in some quarters, where it was asserted that either he would indemnify a surety company or would use his influence to see that the heads of the disrupted Terre Haute machine were freed on bond.

Circuit Judge Eli Redman announced that he would not resign as circuit judge and would fight the contest of Charles Pulliam, the Republican candidate.

Former Sheriff Dennis Shea withdrew his name from the list applying for a writ of error. Shea will go to Leavenworth and serve his term of five years.

## SEVEN SURVIVE IN FIRST PRELIMINARY

From This Number Representative of High School at League Meeting Here Will be Picked.

SECOND PRELIMINARY SOON

Seven high school students out of fourteen survived the first preliminary at the Graham school building last night to determine finally who shall represent the high school at the annual track meet and oratorical of the Central Indiana High School which will be held here early in May. Another preliminary will be held in the near future and one will be picked from the seven to speak for the Rushville school. The following who will compete in the final preliminary are given in alphabetical order and without regard to the way they finished last night:

Lucian Anderson, "John Sobieski;" Ralph Hackleman, "Inglorious Peace;" James Laughlin, "Savannah;" Merle Maupin, "The Hero of Compromise;" Harry Schmalzel, "The Power of Conviction;" William Sexton, "Affairs in Cuba," and Gladys Wallace, "Peace and War."

Ed Young, a well known veteran of the civil war, is reported to be very seriously sick, at his home, 330 West Seventh street.

# Your Floor Coverings and Draperies

House cleaning at hand is suggestive of needs in Floor Coverings and Draperies. Every person of right mind is interested in anything that will add beauty and real attractiveness to the home.

## MAY WHEAT LOSES TODAY

Prices Decline Because Time For Delivery is Near.

Chicago, April 16.—All grain was higher today, excepting May options on wheat. The falling off on May wheat is believed to be due to the fact that delivery is so near that buyers are afraid. May options lost one-eighth of a cent, closing at \$1.61. July closed at \$1.33 7/8 and September at \$1.17½, the former advancing two and five-eighths and the latter two and an eighth. May corn closed at 75 5/8, gaining one and five-eighths cents, July gained one and three-quarters, closing at 78 1/8. September corn was quoted at 78½ at closing, gaining one and a half cents. May oats was three-fourths of a cent higher, July one and a quarter cents and September one and five-eighths cents.

## RURAL PASTORS ARE TO CONFER

Others Interested in Community Building Will Also Attend Conference at Purdue

TO BE HELD MAY 11, 12 AND 13

Pointed Out Church is and Will Continue to be Factor in the Rural Life of State

Scores of rural ministers and others interested in rural community building will gather at Purdue University for a conference May 11, 12 and 13. The purpose of the conference is to discuss the relation of the rural church to rural community life. The church is and will continue to be a factor in rural life, it is pointed out. It is recognized on every hand that it might be a stronger factor. All concerned with the building of good rural communities must have a larger vision of the problems involved.

The rural church if it would prosper and command the interest and respect of rural folk must play a large part in ministering to all the needs and interests of the rural community. This can be done and in a few localities is being done and that without forgetting the spiritual interests of the people it is declared. Many ministers and other rural leaders will tell at the conference of successful constructive work in their fields. Bishop Francis J. McConnell will be present to give the conference the benefit of his observation and large experience in building up the church in the United States. Other well known men from outside of the state, many strong men laboring at and studying the rural life problems in Indiana will speak.

This should be a notable event—practical, constructive, inspiring. Ministers and other rural leaders should arrange to come. Homes of church people in LaFayette will be open for the entertainment of visiting ministers. Everything possible will be done to make this conference an event that will mean much for the church and for the rural people of Indiana. No denominational lines are drawn in connection with the conference. All interested in better rural life are invited. The dominant theme throughout will be "The Rural Church and its Relation to Rural Community Building in Indiana."

### Amusements

The Princess will show the solution of "The Million Dollar Mystery" for the program tonight. It is the final episode of this thrilling drama. The winner of the prize is also shown. The solution is said to be a thrilling story and everything ends right. The other picture is a comedy "His New Job." Charles Chaplin and Ben Turner are featured. On next Monday matinee and night the five reel feature "Wildfire" will be shown. Lillian Russell is featured.

## RAISING POULTRY For PROFIT

By John Wildig

In this article I will discuss the egg for hatching.

In the first place, you must be sure that the eggs you are going to hatch are laid by good, healthy, pure blood stock. Do not fool away any time or labor with any other than the best you can get. From three to five cents per egg is a very reasonable price for good, pure blood utility stock. Chicks hatched from such eggs are no trouble to raise and mature sooner than the cross-bred chicks. I can not understand why people will continue to breed cross-bred poultry. I never could see where there was any benefit to be derived because you gain a little by larger egg production you generally deteriorate the future generation in size, or if you breed for larger size you lose out in egg production. So there you are. I say keep the breed pure. They look better and they sell better, and if you will use a little good common sense you can breed whatever you desire into your pure blood strain. What is more beautiful than a nice-even-sized flock of white Wyandotte hens? Here is a breed of chickens that I honestly believe comes nearer to being the ideal market chicken than any we have to date. They are short on legs, full in breast, broad in back, yellow in skin and its layers they can not be beaten. I do not wish to detract from other breeds any of the good points they possess, but from a market standpoint the Wyandottes are very desirable chickens.

When I lived east of Indianapolis some six years ago we raised the white Wyandottes on an extensive scale and we always secured from three to five cents more on the pound than ordinary stock. So you see it pays to raise the kind of poultry that is always in demand and brings a good price.

Now a few words about this winter egg production. You must remember that you can not force your hens for eggs in winter and expect hatchable eggs the following spring. Therefore, you need two flocks of hens, one flock for winter laying and the other for spring laying. These hens should be two years old, mated to a vigorous, early cockerel of the previous year. Chicks hatched from eggs laid by such stock will practically raise themselves if given half a chance. The winter laying flock should comprise your early hatched pullets of this year. Raise the pullets in the poultry house that you expect them to lay in the next winter. And do not change them this fall from one house to another under any consideration because if you do they will moulth their feathers and you will not get any eggs until the following spring. These pullets will lay from September, 1915 to August, 1916 if properly cared for judiciously fed. Then nature will assert herself and these hens will moulth their feathers and rest until the following spring when their eggs will be ideal for hatching.

Many hens are now beginning to feel the effect of their heavy spring laying. Therefore, you will be obliged to feed a little egg producer or condition powder to keep them laying. Mix this in a little mashed food containing meat meal or beef scraps. This hen mash you can buy from your dealer. Then add the condition powder yourself, about two table spoons full for twelve hens. Feed only enough for one meal each day. When feeding egg producer do not use the eggs for hatching unless you wish to invite trouble.

### To Stamp Out Plague.

That the United States health department is doing all in its power to stamp out tuberculosis is revealed by a recent bulletin of the department relating how Pullman cars, day coaches, mail and baggage coaches are cleaned and disinfected at Ashville, N. C. The report deals with the migration of tuberculosis in interstate traffic.

It has often been said that Pullman cars as well as day coaches might be the means of infection because persons so afflicted, generally seek a change of climate of necessity have to travel. But the department of health is guarding against this. The bulletin says in part:

When we consider the number of persons who travel to and from health resorts the necessity of thorough cleansing of railroad cars becomes evident. Not only is formaldehyde gas used as a disinfectant, but soap and hot water are liberally used as a means of mechanical cleansing. Dust is removed from the carpets, upholstered seats and interior of the cars by means of compressed air which has been found to be the most efficient means for this purpose.

Fresh air and sunlight which are among the best disinfecting agents we have, are also utilized as a further means of cleaning the blankets, mattresses and curtains used in Pullman cars.

In addition to the cleaning and

disinfection of railroad coaches the use of individual drinking cups, drinking water of a required standard of purity individual towels and dental laboratories are all factors which make travelling by railroad not only more agreeable but safer.

The slogan "Safety First" applies not only to the prevention of accidents, but the prevention of disease.

### Col. Harvey Again

Colonel George Harvey, admittedly the discoverer of Woodrow Wilson a life-long Democrat, who once turned squarely against the president, his friend, because he believed he had been ungrateful, is once more out of sorts. This time it is with the secretary of the navy, Josephus Daniels. Col Harvey some time ago made his peace with the president at the white house and the story was spread broadcast through out the United States.

Colonel Harvey's latest outburst is not so much directed against the president. His caustic remarks indicate that he is of the opinion that Daniels mis-steps at least he believes them to be, are damaging the interests of the president, whom it is to be presumed, he would like to see pass by the plank of the Baltimore platform and seek another term as president.

Col. Harvey says: "If he (Daniels) has done a single useful act, barring his boasted saving at the spigot while wasting at the bung-hole the instance has yet to be revealed. If he has failed to utilize an opportunity to discredit both the department and the administration, the omission is not apparent." And in conclusion, says Col. Harvey, "it is idle then to murmur effectually 'How long, O Lord, how long!' Naught remains but to minimize so far as possible the dismay which attends the probability of being compelled in 1916 to meet the cry: 'A vote for Wilson is a vote for Daniels'—no less than from Mr. Bryan himself and for others who must patiently await their turn in our weighing of their respective achievements and capabilities."

### HOOSIER HISTORY

(Prepared by the United Press from Records in the State Library.)  
 Benjamin Harrison, later president of the United States from Indiana rose to the rank of general during the civil war. Other Hoosiers who obtained that rank were George Chapman, A. D. Straight, John Coburn, R. S. Foster, George P. McGinnis, Alvin D. Hovey, Robert H.

Milroy, Willis A. Gorman, Lewis Wallace, John T. Wilder and Thomas A. Morris. The Indiana troops covered themselves with glory. Special mention is made of those under Wallace at Fort Donelson, under Hovey and McGinnis at Champaign Hills under Foster at Peach Tree Creek and under Wilder at Chiramaunga.

### Resolutions.

Wordsworth has said:  
 "A perfect woman, nobly planned,  
 To warn, to comfort and command;  
 And yet a spirit still and bright,  
 With something of an angel light.  
 We feel these words today."

Whereas Mrs. Margaret Hinchman Daubensperk, a faithful, lifelong member of the Christian church passed to her heavenly reward Saturday evening April 3, 1915; be it

Resolved, That while we the members of the Glenwood C. W. B. M. auxiliary, of which she was a charter member, bow in humble submission to the will of Him who doeth all things well and deeply mourn the loss our society has sustained; yet we are grateful to Him who called her for the help and encouragement her life has been to us.

Second, that we tender our deepest sympathy to her family and commend them to Him whom she worshipped.

Third, that these resolutions be spread on the minute book of our missionary society and be published in our county paper.

MRS. MAHIN,  
 MRS. MATNEY,  
 MRS. RUFF,  
 Committee.

## HOLDS TOWNSHIP TRUSTEE LIABLE

Attorney General Says They May Not Evade the Minimum Wage Law in the State.

### ALSO IS CRIMINALLY LIABLE

Richard M. Milburn, attorney-general, has given an opinion to Charles A. Greathouse, state superintendent of public instruction, that a township trustee, who had compelled teachers holding thirty-six months' licenses to obtain twelve months' licenses in order to evade the law provisions of the minimum wage law for teachers, not only was amenable to a suit to collect the difference in the pay and attorneys' fees of \$25, but also was liable criminally.

In the specific case mentioned by the state superintendent, the trustee had paid the teachers only \$2.75 a day, which was below the legal rate fixed by the minimum wage law. The teacher is entitled to the highest pay possible under the law based on the license he holds, the opinion said.

## NEWARK OPENS AT HOME TODAY

Former Indianapolis Fed Team  
 Plays First Game on New Grounds to Large Crowd

USUAL CEREMONIES ARE HELD

Prexy Gilmore and Billy Sunday

Among the Invited Guests

Falkenberg Pitches

BY HAL SHERIDAN  
 (Written for United Press.)

Newark, Apr. 16.—The Federal League "outlaws" enjoyed another celebration today. A post-season "opening" celebration was on today at Pat Powers' Pepper Park the new home of the new Federal League team here.

All Newark was baseball "mad" today. The fans were on edge for their first taste of big league baseball. A "dollar dinner" last night, at which speeches were made by Powers, Ward, and other Federal magnates, keyed up fandom to new enthusiasm today. A big street parade, with Manager Bill Phillips leading the new team, ushered in the Fed's season.

Cy Falkenberg was slated by Phillips to pitch the opening game this afternoon. President Gilmore of the Fed League was due to arrive to "consecrate" the new park with appropriate ceremonies. Billy Sunday, baseball evangelist, was also a special guest invited or the opening.

The Baltimore team was Newark's foe this afternoon.

Another opening game of the Fed circuit was held today at Buffalo, with the Brooklyn Tip Tops. The western Feds switch tomorrow, Chicago playing the first home game at St. Louis and Kansas City at Pittsburgh.

## DEPAUW PLAYS FRANKLIN

Methodists Expected to Make Showing Against Baptists

Greencastle, Ind., April 16.—The Methodists met Franklin college on the diamond here this afternoon. Although the DePauw team failed to hold its own on the scoreboard against the Terre Haute Terriers of the Central League, last week, it was expected to put up a better showing against the Baptists. Rafferty was expected to take the mound in the initial innings, with Morrow behind the bat, although Ford and Dunn may be given a trial for the locals.

Franklin has failed to give out much "dope" in the way of baseball gossip this season, but according to meager reports coming from that institution, their outlook appears somewhat pessimistic.

## MAINE VS. NEW HAMPSHIRE.

Durham, N. H., April 16.—Maine University's baseball team today clashes on the diamond with New Hampshire State University.

## AMATEUR MAT GRAPPLERS.

San Francisco, April 16.—The cream of American amateur wrestlers gathered here today for the Amateur Athletic Union wrestling championship tournament at the exposition. The pick of mat artists were weeded out to meet her at recent eliminations contests in New York, Chicago and this city. Events scheduled are in the 108, 115, 125, 135, 158, 175 and over 175-pound classes.

## BUNNY CRITICALLY ILL.

(By United Press.)

New York, April 14.—John Bunny, the well known comedy actor for the motion pictures was very low today. His physician feared he could not last throughout the day.

O'Neals Cash Grocery will sell lettuce all day Saturday at 10c a pound or 3 for 25c.

## STATE CALLS FOR MORE FUNDS

Country Treasurer Williams Receives Request For all Money Received in Three Funds

UP TO THE CLOSE OF APRIL 25

Sum to be Sent This Time Will

Amount to More Than \$6,000.

More Than Last Month

The state board of finance has issued the second call within two months for advance payment of all money due the state in the state tax, benevolent institutions and educational institutions funds, from all county treasurers. The money is to be sent to the state treasurer on or before April 25.

A similar call issued last month netted the state \$223,000 and it is expected that the latest call will amount to more than this as at this time of the year the receipts at the treasurers' offices are especially heavy due to the payments of spring taxes.

On the March call Rush county sent to the state \$6,000 this being the amount due the state at that time from the three funds set out in the call. With the calls coming every month there will likely be no semi-annual settlement with this county and the state as has been done in the past. It was always customary to make a semi-annual settlement following the close of the taxpaying period but under the calls of state board the state receives most of the money due every month.

The amount the state will receive from County Treasurer Williams on the April call will likely be a little more than \$6,000. The money is coming in very rapidly for spring taxes and the share to the state will likely be larger. State officials expect that a sum between \$300,000 and \$350,000 would be realized from this call, and that the receipt of this money would obviate the necessity of any further temporary loans to aid the state treasury's depleted condition, during the half of the year ending June 30.

The state officials announce that the temporary loan, now outstanding amounting to \$400,000, will be paid in full at the close of the coming June settlement. No statement was made as to whether the state would again borrow money between June 30 and December 31, but it is hardly probable the state can weather the latter half of the year without borrowing more money.

Mrs. Austin's Bag Pancake, delicious light cakes for breakfast, all grocers.

## NATURE'S WARNING

Rushville People Must Recognize and Heed it

Kidney ills come mysteriously. But nature generally warns you. Notice the kidney secretions. See if the color is unhealthy—ment.

If there are settlements and sediments frequent, scanty, painful.

It's time to fear serious kidney trouble.

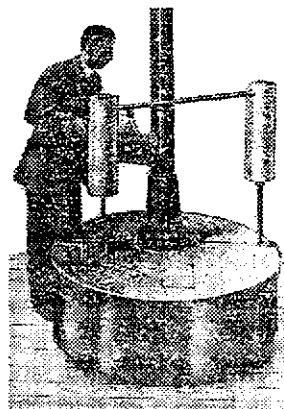

It's time to use Doan's Kidney Pills.

Doan's have done great work in Rushville.

E. L. Hinkle, 641 N. Sexton St., Rushville, says: "In 1900 I was on the verge of Bright's disease. I had sharp pains in my back and was hardly able to walk. I couldn't rest well. A friend who had been benefited by Doan's Kidney Pills recommended them and I got a supply. I soon found that they were helping me and I continued using them until cured."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hinkle had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

PRICE HIGHER FOR SUBSTITUTE

Cotton Seed Flour to Take Place of Wheat But at Present it Costs More Money

PROCESS NEEDS DEVELOPING

When This is Done Manufacturers Say it Will be Cheaper Than Ordinary Flour

(By United Press.) Dallas, Tex., Apr. 16.—Wouldn't it make you feel good to read that they have invented a substitute for flour? A "better than flour" substitute? And wouldn't you think at once of the high cost of living getting a severe jolt in these days when the price of bread is increasing.

Well, a substitute for flour has been invented. It is cotton seed flour. But it's no cheaper than flour. In fact, just now it's twice as expensive. You may now have cotton seed biscuits, cotton seed bread, and cotton seed rolls. There's no limit to the use of the new flour that does not apply as well to ordinary flour. But the cotton seed kind is most expensive. A dozen rolls made from the new flour costs twenty cents here today.

The manufacturers of the cotton seed stuff predict that when the process is better developed the new flour may be cheaper than ordinary flour.

Not so many years back the cotton seed was considered of little or no value. It was left in great stacks in the field and used as fertilizer. Then a series of remarkable discoveries added millions to the value of each cotton crop by developing new uses for cotton seed. It is now made into meal and hulls for live stock oil for cooking and flour for baking as well as leaving something for fertilizer. The oil has numerous uses, even appearing in adulterations of ice cream.

Mrs. Austin's Bag Pancake, delicious light cakes for breakfast, all grocers.

USE COCOANUT OIL FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Genuine Prescription For All Rheumatism

One That Does Cure or Money Back Says Johnson's Drug Store

Rheuma—that is the name of the scientific prescription that is putting old rheumatism out of business.

Rheuma cures by driving the uric acid from the blood. It also acts directly on the kidneys and is better for them than most so-called kidney cures.

Porter Smith, Dobbin, W. Va., writes: "I have been a great sufferer from rheumatism for about 26 years. The disease had become chronic. I began taking Rheuma with little faith in its virtues, but was better from the first day I began its use, and at this time have no more pains."

Johnson's and all druggists sell Rheuma, and no rheumatism sufferer can afford not to use it. 50 cents a bottle. Your money back if not satisfied. (Advertisement.)

The usual services will be held at the Main Street Christian church Sunday, with preaching by the pastor in the morning at 10:30 and at night at 7:30. Sunday school at 9:15.

Services at the First Presbyterian church Sunday will be as follows: 9:15 a. m. Sunday school, B. O. Simpson, superintendent; 10:30, divine worship, sermon, "Restoring the Waste Places;" 2:30 p. m. Junior society; 7 p. m. personal workers; 7:30, evening service, sermon, "The Sabbath was Made For Man." Thursday evening at 7:30 prayer meeting will be held.

St. Paul's Methodist Episcopal church, A. D. Batchelor, pastor. Sunday school, 9:15 a. m. Leonard Clark, superintendent. The pastor will preach both morning and evening. Morning subject "Crossing Lines With God." Evening subject, "An Appalling Shipwreck." Evening service will begin at 7:30 o'clock Thursday 7:30 p. m., mid-week meeting for Bible study and prayer.

DANDRUFF SURELY DESTROYS THE HAIR

Makes it Dull, Brittle, Lifeless, and Causes It To Fall Out.

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

BUSHNELL, ILL.—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. JAMES CRUSEN, Bushnell, Illinois.

A Grateful Atlantic Coast Woman.

HODGDON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fit and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWENS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

# TEACHERS MEET IN BLOOMINGTON

Educators From Every Part of Country Gather There for Second Conference of its Kind

## TO DISCUSS MEASUREMENTS

Vocational Law is Praised by Charles Greathouse in Address Today—Two Other Meetings

(By United Press.)  
Bloomington Ind., April 16.—Johnny's natural aptitude, whether it be for banking, a profession or professional baseball, will be determined here today by educators from every part of the United States, who came to attend the National Conference on Educational Measurements. Contrary to general belief, the educators do not wrap a tape line around the head, but study the record made by Johnny in his many lines activity from the age of 6 on through to graduation from the

# TO REMOVE EVERY SIGN OF DANDRUFF

If your hair is not pretty; if it is losing color, too dry, full of dandruff falling out, or if your scalp itches, you can quickly overcome all of these conditions at a trifling cost with this simple home treatment. Just get from Johnson's Drug Store some Parisian Sage, a most helpful and invigorating tonic that supplies every hair need. It is easily applied and absolutely harmless. Improvement begins with the first application for Parisian Sage not only nourishes the hair roots but stimulates your hair to grow long, thick, soft, fluffy and lustrous. It immediately removes every bit of dandruff, stops itching scalp and surely gives your hair new life and beauty.

(Advertisement.)

grades or high school. This is the second conference of this kind. It is the result of experiments being conducted at Columbia University. Charles A. Greathouse state superintendent of public instruction spoke today praising the Indiana vocational education law as the best of its kind in existence and as the best movement inaugurated in the state since the organization of the school system. Greathouse said it would increase the attendance in the school 25 per cent and would fit boys and girls to earn wages without serving a long apprenticeship. He said the law was well suited to Indiana.

The vocational education law praised by Greathouse is the one written by John A. Lapp and is practically the same in principle as in the bill prepared by Lapp for the federal commission of President Wilson to investigate the educational situation from a national viewpoint.

The Indiana Association of High School Principals and the Indiana Association of Teachers of Psychology and Education accepted the opportunity to meet here simultaneously with the Conference. The hours of the meetings do not conflict. The three organizations will also meet tomorrow. This is the second annual conference on Educational Measurements.

## WINNER TO RECEIVE \$75

State Peace Oratorical Prize is Worth This for First Place

(By United Press.)  
Vincennes, Ind., April 16.—Winner of the state peace oratorical contest here tonight stood to pocket \$75 in gold. There was a second prize of \$50. The winner will represent the state in the interstate peace contest which will be held two weeks later at Ripon, Wis. The Indiana colleges represented in tonight's contest are Indiana, Purdue, Earlham, DePauw, Notre Dame, Wabash, Butler, Valparaiso, Taylor, Upland and North Manchester.

**CUSHIONS FOR RACE BANK.**  
It was being suggested today that cushions or bumpers be provided for the mill race bank at the foot of Perkins street. Today the second runaway team in the last two weeks was successfully stopped by being headed into the race bank. But it must be admitted that jumping into a six-foot wall of hard, immovable earth is not the most delightful thing on earth for a farm horse that has been enjoying green grass three times a day. It was thought today that the humane society should be asked to consider the suggestion. The cost, of course, would be slight, and before long runaways would become popular in Perkins street because the horses would enjoy bounding off the cushions.

**Plum Creek**  
There were 102 at the Plum Creek Sunday school Sunday. Special music was furnished by the Misses Ozella Clifton and Ruth Laughlin, who sang a duet. Mrs. Minor Bell played the accompaniment. The death of Mrs. Walter E. Smith at Rushville was a deep shock to this community. She was well known here as she was born and reared in this neighborhood. Mr. and Mrs. Welcome Aiken entertained during the past week Mr. and Mrs. Howard Benham and Miss Virgie Aiken of near Columbus. The members of the C. W. B. M. society held a very interesting meeting Tuesday afternoon at the home of Mrs. P. S. Hollowell, with Mrs. Fred Bell as leader. Refreshments were served by the hostess. Mrs. Mull Wallace of Rushville is spending a few days with her parents, Mr. and Mrs. John Nipp. Carrol Nipp of Rushville was the guest of his grandparents last week.

**Little Flatrock.**  
Miss Helen Norris returned to Earlham college Monday after spending the vacation with her parents, Mr. and Mrs. Bert Norris. Mrs. Carl Wilson is recovering from an attack of tonsillitis. Mrs. Bessie Bernd of Indianapolis underwent an operation for appendicitis last week. The Sunday school elected the following officers last Sunday: Supt. Walter Norris, (reelected); Secretary, Russell Logan; treasurer, Carl Logan; organist Marion Fitzworth, assistant organist, Wilma Bowen. There will be services as usual Sunday morning but none in the evening on account of the baccalaureate services. The Rev. Moody Edwards will deliver the address in the auditorium at New Salem Sunday evening.

**DROPS SEVEN BOMBS.**  
(By United Press.)  
Paris, April 16.—A German taube flew over the French seaport of Calais, according to an official statement today, dropping seven bombs. A civilian was slightly injured, but practically no damage was done, according to the official statement.

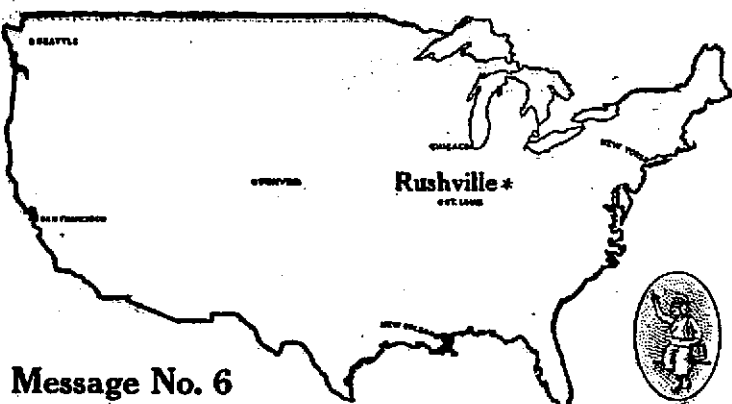

**TODAY'S ODDDEST STORY**  
Tamaqua, Pa., Apr. 16.—While leaning against a radiator in the bar room, in which he is employed as a bartender, Frank Kerschner was seized with a violent spasm of sneezing, which resulted in the dislocation of his right shoulder. Kerschner had been the victim of these involuntary convulsions a number of times heretofore, and on each occasion the dislocation of his shoulder resulted.

**When Croup Comes Treat Externally**

The old method of dosing delicate little stomachs with nauseous drugs is wrong and harmful. Try the external treatment—Vick's "Vap-O-Rub" Salve. Just rub a little over the throat and chest. The vapors, released by the body heat, loosen the choking phlegm and ease the difficult breathing. A bedtime application insures sound sleep. 25c, 50c, or \$1.00.

## GERMAN TAUBES ARE NEAR LONDON

Three Times Within Forty Hours Aircraft Cross North Sea, Bombarding English Towns.

### COUNT DIRECTS AERIAL RAID

Amsterdam Dispatches Today Say Zeppelin Arrives at Cuxhaven to be in Charge of Air Invasion

BY ED L. KEEN  
(U. P. Staff Correspondent.)

London, April 16.—For the third time within less than forty hours German sky-craft have crossed the North Sea and bombarded English towns. Within 32 miles of London, two of the enemy's taubes launched explosive missiles this afternoon upon Sittingbourne, in Kent, after first bombarding Faversham.

They then sped northward toward Sheerness, engaged my three British aviators from the aviation camp at Chatham, and unconfirmed reports from Chatham said that one of the Germans has been brought down by rifle shots fired by the Royal Dublin Fusiliers.

Count Zeppelin has arrived at Cuxhaven to direct the expected aerial on London, according to Amsterdam dispatches today. Several Zeppelins have been transported to the German flying bases at Emden and Cuxhaven and the enemy's airmen are displaying the greatest activity.

The report that three Zeppelins took part in the attack on English towns near London early today apparently has been confirmed. Dispatches from several small islands off the coast of Holland this afternoon reported that three Zeppelins flew over the islands late yesterday headed for England.

One of the Zeppelin raiders, returning to Germany, was sighted fifteen miles off the Dutch coast at 5 a.m. today by the Norwegian steamer Dag according to a dispatch from Amsterdam.

## WATSON KNEW ALDRICH WELL

## THE RUG THAT STOOD AN ELEVEN-DAY TEST

Is now on exhibition in our window

After Eleven Days of Severe Use the Anglo Persian Fulfils its Promises for Service.

Laid on the sidewalk in front of our store for eleven days (7 a. m. to 10 p. m. each day) subjected to all kinds of wear and weather, walked on by thousands of pairs of dirty shoes and is now as good as new.

NOT A SEAM RIPPED, THE ORIGINAL COLOR IS UNBLEMISHED, THE SURFACE YARN IS UNMARRED.

### NO RUG LIKE THIS ANYWHERE

WHITTALL'S have not won their reputation for making the finest rugs in all America without deserving it. It took a long while, much experiment, expenditure of large sums, and always patience, and then more patience. At last they won, and Anglo Persian rugs are properly rated as their greatest accomplishment, as the finest rugs made in the whole length and breadth of the United States.

They are thus rated not because of one thing.

### THEY HAVE MANY POINTS OF EXCELLENCE

They are beautiful in pattern. They are rich in color. They are firm in texture. They have strength and supply beauty. They are of such diversity of design that one is easily found to fit into any special plan of decorating and furnishings. And they are of such splendid material that they give long and satisfactory service.

### PERFECT IN EVERY STANDPOINT

The dyes that go into coloring the splendid yarns are time-tested. The yarns themselves are specially selected. The patterns are often copied from rich and rare carpets of the Oriental East. Sometimes the designers catch the inspiration of the old school. Here again is a rug that shows adaption that is singularly beautiful. But quality is the keynote, the one great feature. It is quality that shows in pattern and in colors, in weavings as in every feature that combines to make genuine lasting rug goodness.

### The Window is Open

You are earnestly requested to step inside and examine the Rug that stood the severest test ever given a floor covering. The dirt you see on exhibition was taken from the rug in one sweeping, or about one-eleventh of the dirt ground into the rug during the time it was on the walk.

Read Every Ad if You Want a Bargain

Beautiful, New, Sheer, Summery Waists in both long and short sleeve models—and just the most extraordinary values—will go on sale tomorrow.

The length of the sleeves in a Waist is merely a matter of comfort and not at all a question of style. Some women prefer long sleeves and some short, and all are equally correct. We have both kinds in styles that are pretty, attractive and appealing, in Wirthmor Waists for only one dollar, on up at the various prices. Because of the comprehensiveness of our stocks, the variety and distinctiveness of our styles and the unusualness of the value that always obtain here, our Waist Department has quite generally come to be regarded as the one best place to satisfy Waist wants.

Tomorrow we will place on sale four unusually pretty models in the ever desirable Wirthmor Waists. As always these Waists are just \$1.00, and always they are worth much more. Wirthmor Waists are sold here and here only.

## REPUTATION AS ATHLETE

Albert Winship's Grandson Makes 23 Out of 36 Points.

Albert Winship, son of Mr. and Mrs. Fred Winship, of Phoenix, Ariz., formerly of this city, is gaining quite a reputation as an athlete there. In a recent swimming contest by Boy Scout Troop No. 1 Young Winship made 23 points out of the total of thirty-six points scored by his team. His work was the feature of the water carnival and he was largely responsible for his team winning the meet. Winship won the 20 yard dash, the forty yard swim on back, the fancy dive and the three length swim. Young Winship is a grandson of Mr. and Mrs. A. L. Winship of this city.

### LINEBACK ADVANCING.

Charles A. Lineback, formerly of Carthage, and brother-in-law of J. Blaine Addison, the grocer, who has heretofore managed the Elite Entertainers of New York, now appearing at the Strathmore entertainers, has been engaged by the Redpath Lyceum Bureau of New York. His company is composed of himself as character impersonator, Miss Clara Radley, interpreter of song, and Miss Anita Wolff, pianist. This trio of performers are capital entertainers.

### GRAIN DEALERS CONVENTION.

Omaha, Neb., April 16.—The Western Grain Dealers' Association, comprising prominent grainmen of Iowa and Nebraska, today opened a two days' convention here.

There Is No Question but that indigestion and the distressed feeling which always goes with it can be promptly relieved by taking a
